## 2021 NHL DRAFT LOTTERY FORMAT AND ODDS

The 2021 NHL Draft Lottery, used to determine the order of selection for the first 16 picks in the first round of the 2021 NHL Draft, will be held Wednesday, June 2, at NHL Network's Secaucus, N.J., studio (7 p.m. ET, NBCSN, SN, TVAS).

The 2021 NHL Draft Lottery will consist of two drawings: the 1st Lottery Draw will determine the team selecting first overall, the 2nd Lottery Draw will determine the team selecting second overall.

Participants in the Draft Lottery include the expansion Seattle Kraken, who begin play in the 2021-22 season, and all teams that did not qualify for the 2021 Stanley Cup Playoffs.

The Kraken enter the Draft Lottery as the No. 3 seed and owning the exact same lottery odds as the No. 4 seed (the team finishing the regular season with the third-worst regular-season record), mirroring the status of the Vegas Golden Knights entering their inaugural Draft Lottery participation in 2017. The Kraken will be guaranteed no lower than the fifth overall selection.

To accommodate the addition of a 16th team in the Draft Lottery, the odds for all other participating teams have been reduced proportionally from the odds utilized in the 2020 NHL Draft Lottery.

The allocation of odds for the 1st Lottery Draw of the 2021 NHL Draft Lottery is as follows:

Seed	Team	Odds
1	Buffalo Sabres	16.6%
2	Anaheim Ducks	12.1%
3	Seattle Kraken*	10.3%
4	New Jersey Devils	10.3%
5	Columbus Blue Jackets	8.5%
6	Detroit Red Wings	7.6%
7	San Jose Sharks	6.7%
8	Los Angeles Kings	5.8%
9	Vancouver Canucks	5.4%
10	Ottawa Senators	4.5%
11	Arizona Coyotes^	3.1%
12	Chicago Blackhawks	2.7%
13	Calgary Flames	2.2%
14	Philadelphia Flyers	1.8%
15	Dallas Stars	1.4%
16	New York Rangers	1.0%

\* Seattle Kraken assigned No. 3 seed with same lottery odds as No. 4 seed (10.3%).

^ NHL announced forfeiture of Arizona Coyotes' 1st-round pick in 2021 NHL Draft in [sanctions announced Aug. 26, 2020](#). Arizona being selected in either Lottery Draw will result in a re-draw.

The odds for the remaining teams will increase on a proportionate basis for the 2nd Lottery Draw, based on which team wins the 1st Lottery Draw.

The 14 teams not selected in the Draft Lottery will be assigned 2021 NHL Draft selections 3 through 16, in inverse order of regular-season points.

The 2021 NHL Draft will be held virtually over two days. Round 1 will take place on Friday, July 23, followed by Rounds 2-7 on Saturday, July 24.

## CHANGES TO NHL DRAFT LOTTERY FORMAT

The National Hockey League announced changes to the Draft Lottery format on [March 23, 2021](#).

The changes, approved by League's Board of Governors, will reduce the likelihood of the worst-finishing team dropping in the draft order and not retaining the right to the first overall selection; reduce the magnitude of any possible drop in draft order for the worst-finishing team; limit the number of teams (based on final regular-season standings) that are eligible to win the right to the first overall selection in the draft; and limit the number of times in a defined time period that the same team can benefit from winning a Draft Lottery Draw.

### **(1) Number of Lottery Draws Reduced**

The number of Lottery Draws will be reduced from three to two. This will limit the number of selections the worst-finishing team can drop in the final draft order. Whereas, previously, the worst-finishing team could drop from the first overall position to the fourth overall position in draft order (as happened in each of 2017, 2019 and 2020), the lowest the worst-finishing team now can drop is to the third overall position.

### **(2) "Move-Up" Limitation Set**

There will be a limit on the total number of selections – 10, a team participating in the Draft Lottery can "move up" in the event it wins one of the Draft Lottery Draws. The result will be that the number of teams eligible to select first overall in any given year will be reduced from 16 total teams to 11 total teams.

### **(3) Limit on Teams Winning a Lottery Draw**

No single team will be able to advance in the Draft order by reason of winning a Lottery Draw more than two times in any five-year period. This limitation will not affect a team's ability to retain its presumptive draft position in any Draft Lottery, nor would it preclude the possibility of the team moving down in draft order to the extent other teams advance by reason of winning the Lottery Draws. For purposes of clarity, the limitation would attach to the team, not the specific pick.

By way of example, if a team were to win the 1st Lottery Draw as the 7th worst-finishing team in Year 1 (thereby earning the first overall selection in the succeeding draft), and the 2nd Lottery Draw as the 13th worst-finishing team in Year 3 (thereby earning the third overall selection in the succeeding draft), that team would no longer be eligible to benefit by winning a Lottery Draw in either of Year 4 or Year 5, and would not be able to benefit again by winning the Draft Lottery (or either of the Draft Lottery Draws) until Year 6 at the earliest.

### **"Phase-In" Schedule**

Given the unique characteristics of the 2020-21 season, including a shortened regular-season schedule (56 games), as well as team schedules that were comprised exclusively of intra-division games, some of these changes will be "phased-in" (as opposed to an immediate implementation), on the following schedule:

- (1) The reduction in the number of Draft Lottery Draws from three to two is being implemented for the 2021 Draft Lottery (and beyond).
- (2) The limitation on "move up" and the limitation on benefiting from Draft Lottery "wins" over a five-year period is being implemented for the 2022 Draft Lottery (and beyond). The limitation on benefiting from Draft Lottery "wins" will be forward-looking only and will not be retroactive. Therefore, no team will be able to move up in the draft order by reason of winning a Lottery Draw any more than two times during the period of 2022 through 2026.

Please see the following page for an overview of the changes to Draft Lottery odds over the last eight years.
