2026 DISCOVER NHL WINTER CLASSIC

- * The 2026 Discover NHL Winter Classic will be the 44th outdoor game in NHL history and 17th Winter Classic. The Panthers will be making their outdoor game debut, while the Rangers will be competing in their sixth outdoor contest (5-0-0) and third Winter Classic (2-0-0).
- * The NHL will be staging an outdoor game in the state of Florida for the first time, with the 2026 Discover NHL Winter Classic set to be the southernmost regular-season game in League history. It also could feature the warmest puck-drop temperature for an outdoor game (currently 65°F/18°C at 2016 SS).
- * To date, the League's outdoor games have drawn a total attendance of 2,240,068 (43 GP) – an average of 54,636 for the 41 such contests permitting fans.
- * Many players across the two rosters have outdoor NHL game experience, including Panthers teammates **Sergei Bobrovsky**, **Brad Marchand** and **Sam Reinhart** – with Bobrovsky and Reinhart previously facing New York in a Winter Classic – and Rangers forwards **J.T. Miller**, **Artemi Panarin** and **Mika Zibanejad**.
- * Florida will become the eighth reigning Stanley Cup champion to play outdoors, joining Chicago (2x; 5-1 W in 2014 SS and 6-1 L in 2016 SS), Vegas (3-0 L in 2024 WC), Tampa Bay (3-2 W in 2022 SS), Pittsburgh (4-2 W in 2017 SS), Los Angeles (2-1 W in 2015 SS) and Detroit (6-4 W in 2009 WC).
- * New York will move into a tie with Philadelphia (1-4-1 in 6 GP) and Pittsburgh (2-3-1 in 6 GP) for the second most outdoor game appearances in NHL history, behind Chicago (1-6-0 in 7 GP).
- * The Rangers have won all five of their previous outdoor games – the most victories among all teams – with their most recent triumph coming against the Islanders in the 2024 Stadium Series at MetLife Stadium (6-5 OT W).
- * New York will become the fifth team to play in at least three Winter Classics, following Chicago (0-5-0), Boston (3-1-0), Pittsburgh (1-2-0) and St. Louis (3-0-0). Florida, meanwhile, will become the 17th franchise to play in a Winter Classic and the 12th to serve as the home team.

SUNSHINE STATE READY FOR OUTDOOR HOCKEY

* The state of Florida has seen a team reach the Stanley Cup Final for six straight years and is home to four of the past six Stanley Cup champions, with the Panthers and Lightning each making three straight trips to the Final (FLA: 2023-25, TBL: 2020-22) and claiming back-to-back Stanley Cups (FLA: 2024 and 2025, TBL: 2020 and 2021). The teams now take the roof off for a different sort of back-to-back, hosting the League's next two outdoor games – with the 2026 Discover NHL Winter Classic set to be the first outdoor NHL game in the state of Florida.

* With an average high of 76°F/25°C on Jan. 2 (according to AccuWeather.com), the 2026 Discover NHL Winter Classic could be the warmest puck-drop temperature for an outdoor game in League history. The current benchmark of 65°F/18°C was set at the 2016 Stadium Series at Coors Field in Denver.

* Florida will become the 19th state to host an outdoor NHL game and the fourth to stage multiple such contests in the same calendar year, following New Jersey (2024), Nevada (2021) and New York (2014). The only Canadian province to host two in the same year is Ontario (2017).

* While they have a fierce rivalry on the ice – aided by four head-to-head playoff series since 2021 (after never meeting in their first 26 seasons together in the NHL) – the Panthers and Lightning will be part of a month-long celebration of the explosive growth of the game of hockey in the Sunshine State.

* The NHL, NHLPA, Panthers and Lightning are celebrating hockey from mid-December through the beginning of February with numerous community events and initiatives, including two NHL Unites Legacy Projects, an all-day NHL STREET ball hockey championship, a high school pep rally, a hockey-themed business case competition for Florida college students and NHL in ASL alternate broadcasts for both outdoor games.

* This season marks the 32nd campaign of NHL play for the Panthers franchise, which joined the League for the 1993-94 season, and the 33rd season of NHL play in the Sunshine State, since the Lightning made their debut in 1992-93.

* The 2026 Discover NHL Winter Classic is set to be the southernmost regular-season contest in NHL history (indoors or outdoors). loanDepot park in Miami sits at latitude 25.77 degrees north, narrowly eclipsing Miami Arena (+25.78) – the home rink of the Panthers from 1993-98.

* Hockey registration in Florida is up 49.63 percent since the Panthers' inaugural season (1993-94). In 2024-25, there were 22,888 registered hockey players in the state of Florida, including 1,876 female players and 27 Division 1 high school teams.

* The Panthers' recent on-ice success has been accompanied by strong growth numbers in the youth ranks. USA Hockey reports that overall hockey registration state-wide increased by 7.97 percent from 2023-24 to 2024-25. During that same span, the state of Florida also saw hockey registration numbers increase by 13.01 percent among girls and women, and 10.28 percent among players ages 10 and younger.

* From 2020-21 to 2024-25, USA Hockey reports that participation in the state of Florida is up 46.84 percent overall, 82.14 percent among girls and women, and 67.96 percent among players ages 10 and younger. That five-season stretch began just after the Lightning won their first of back-to-back Stanley Cups (September 2020) and spans through the Panthers' three consecutive Final appearances (and sixth straight by teams from Florida).

* There have been similar increases within the Panthers' hockey programs. From 2023-24 to 2024-25, the team's Learn to Play initiative saw a 36.66 percent increase in participation. In that same timeframe, the Jr. Panthers saw a 20.8 percent increase in participation among girls – with the highest percentage growth (39.3%) among girls ages 15-18 – and a 16.4 percent increase in overall youth hockey participation.

* On Dec. 11, Canadiens goaltender **Jacob Fowler** (Melbourne, Fla.) became the first Florida-born goaltender to play in an NHL game. Montreal will be the last opponent Florida faces before playing in the 2026 Discover NHL Winter Classic (Dec. 30).

FLORIDA PANTHERS

* **Brad Marchand** has played in three outdoor NHL games – the most among all Panthers – and owns a perfect 3-0-0 record (2023 WC, 2021 LT-SUN and 2019 WC). Marchand can move into a tie for the second-most outdoor wins among NHL skaters.

* Marchand (1-3—4) also leads Florida in career outdoor assists and points. He is tied for sixth place in NHL history in career outdoor assists and for 10th place in career outdoor points.

* **A.J. Greer** and **Sam Reinhart** are the only other Panthers with an outdoor NHL goal. Greer scored in the 2023 Heritage Classic (w/ CGY), while Reinhart netted his against the Rangers during the 2018 Winter Classic (w/ BUF). **Evan Rodrigues** skated alongside Reinhart in that game (his lone outdoor appearance), while **Kyle Okposo** – who won the Stanley Cup with Florida in 2024 – assisted on Reinhart's goal.

* **Sergei Bobrovsky**'s only outdoor NHL game was with the Flyers, against the Rangers in the 2012 Winter Classic. His potential 14 years between outdoor game appearances would be the longest by any NHL player (he would surpass the current 12-year mark shared by **Andrei Markov** and **Jordan Staal**).

* **Paul Maurice** (1-1-0) is set to become the 10th head coach to serve in at least three outdoor NHL games, following a loss to the Oilers in the 2016 Heritage Classic and win against the Flames in the 2019 Heritage Classic (both w/ WPG). **Sam Bennett** and **Matthew Tkachuk** made their lone outdoor NHL game appearances in the latter contest (w/ CGY), while **Dmitry Kulikov** played in his first of two (w/ WPG).

* Sixteen current Panthers players have dressed for at least one outdoor NHL game (full list on page 7).

* * * * *

NEW YORK RANGERS

* **Artemi Panarin**, **Jonathan Quick** and **Mika Zibanejad** all have skated in three outdoor NHL games, tied for the most on the Rangers. Panarin (1-3—4) has the most career outdoor assists and points among current Rangers, while Zibanejad has one goal along with a perfect 3-0-0 record in his appearances and can move into a tie for the second-most outdoor wins among NHL skaters. Quick (2-1-0) is tied for the second-most outdoor NHL appearances among goaltenders and for third in outdoor wins by netminders.

* Panarin scored 10 seconds into overtime at the 2024 Stadium Series to set the record for fastest goal from the start of any period in an outdoor NHL game (helping New York improve to a perfect 5-0-0 outdoors).

* Zibanejad is one of two current Rangers who played for the team during its last Winter Classic appearance. The other is **J.T. Miller**, who scored the overtime winner for New York in the 2018 Winter Classic to defeat **Sam Reinhart**, **Evan Rodrigues** and the Sabres.

* **Mike Sullivan** (1-1-1) is set to become the seventh head coach to serve in at least four outdoor NHL games, after **Peter Laviolette** (1-3-1), **Joel Quenneville** (1-4-0), **Mike Babcock** (2-1-1), **Claude Julien** (2-2-0), **Todd McLellan** (2-2-0) and **Alain Vigneault** (3-1-0). Sullivan made his three prior appearances with the Penguins (2023 WC, 2019 SS and 2017 SS).

* Seventeen current Rangers players have dressed for at least one outdoor NHL game (full list on page 8), including 12 who participated in their most recent such contest (2024 SS).

BY THE NUMBERS

In honor of the 12 grapes New Year's tradition in Miami, here are 12 #NHLStats you need to know ahead of the Panthers-Rangers showdown in the 2026 Discover NHL Winter Classic:

- 14,596** – Size of the sellout crowd at Miami Arena on Sept. 21, 1990, during the first NHL game played in South Florida. **Wayne Gretzky** had three assists during the preseason contest to help the Kings to a 6-4 win against the Rangers. After the game, Gretzky said: "The fans were tremendous. They were as good as anywhere I've been. Somebody in Florida is going to get a franchise, I hope. It would be nice for hockey." Four seasons later, the Panthers began play at that same venue.
- 13,007** – Size of the sellout crowd at Caesars Palace in Las Vegas on Sept. 27, 1991, when Gretzky and the Kings again played a first-of-its-kind game against the Rangers. The first outdoor game between two NHL teams – a preseason tilt – saw the Kings emerge with another victory.
- 1993** – The year that both the Panthers and then-Florida Marlins entered the NHL and MLB, respectively. The 2026 Discover NHL Winter Classic will be played at loanDepot park, the current home of the Marlins.
- 44** – Outdoor games in League history, including the 2026 Discover NHL Winter Classic. The total is set to reach 45 with the 2026 Navy Federal Credit Union NHL Stadium Series at Tampa's Raymond James Stadium (Feb. 1).
- 31** – Number of franchises that have participated in an outdoor NHL game, including the Panthers – who will make their debut Jan. 2. After the Winter Classic, the Mammoth will be the only active NHL franchise yet to participate in an outdoor contest.
- 15** – Number of outdoor NHL games that have been played in baseball parks, including the 2026 Discover NHL Winter Classic.
- 11** – First-round selection by the Panthers in the 2015 NHL Draft, the last time it was held in Florida. The team picked **Lawson Crouse** and, while he never suited up for the Panthers, he has gone yard at loanDepot park. Crouse and fellow first-rounders (L to R in picture) **Jack Eichel**, **Mitch Marner**, **Connor McDavid**, **Dylan Strome** and **Noah Hanifin** took batting practice at the field before their names were called at the draft.

- 9 – Number of outdoor ball hockey rinks that were used during the NHL STREET Championships presented by GEICO on Dec. 21, when the parking lot at Amerant Bank Arena – the home of the Panthers – was transformed into a street hockey festival.
- 7 – Goals scored by the Rangers in their first game of the 2014 Stadium Series (at NJD), which set an outdoor NHL record for goals by one team. The mark since has been tied by the Bruins in the 2021 NHL Outdoors at Lake Tahoe, with a roster that featured current Panthers **Brad Marchand** and **Jack Studnicka** as well as current Rangers defenseman **Urho Vaakanainen** (who all contributed at least one point).
- 5 – The number of one-goal games during the 2024 Eastern Conference Final, which saw the Panthers claim their first playoff series win against the Rangers en route to capturing their first Stanley Cup. The score was tied or within one goal for 95 percent of total playing time, one of the most tightly contested Conference Finals/Semifinals matchups in NHL history.
- 4 – Panthers named among the first six players on their respective country's Olympic roster: **Uvis Balinskis** (Latvia), **Aleksander Barkov** (Finland), **Sam Reinhart** (Canada) and **Matthew Tkachuk** (United States).
- 2 – Number of championships the Panthers and Marlins have each captured, with the Panthers hoisting the Stanley Cup each of the past two seasons and the Marlins winning the World Series in 1997 and 2003.

The Red Wings erased a 3-1 deficit in the third period, but **Justin Danforth** scored the tiebreaking goal with 2:17 remaining regulation to lift the Blue Jackets to a victory in the 2025 Navy Federal Credit Union NHL Stadium Series.

Held at venerable Ohio Stadium, a crowd of 94,751 – the second-largest in NHL history – watched the Blue Jackets earn the dramatic win in their outdoor game debut that also featured tributes to the Gaudreau family.

“This city, this night, was special and I hope Mr. and Mrs. Gaudreau had something to smile about tonight,” said Red Wings captain **Dylan Larkin**. “Sometimes it’s bigger than the game and those guys are doing something that I tip my cap to and can appreciate.”

St. Louis Blues 6 at Chicago Blackhawks 2

Attendance: 40,933

Recently acquired defenseman **Cam Fowler** scored twice while playing in his 1,000th NHL game to propel the Blues past the Blackhawks in the Discover NHL Winter Classic at Wrigley Field.

“It’s pretty surreal,” Fowler said. “I’ve been going through a lot of emotions the last few weeks, getting adjusted to a new team. But I couldn’t have asked for anything more for this experience, getting to share it with my family and all these guys, how they’ve made me feel so welcome. BUILDING AN ICE RINK FOR AN OUTDOOR NHL GAME

Constructing an NHL-caliber ice rink outdoors at a facility designed for a sport other than hockey is a unique challenge. Much more than taking a garden hose into your backyard and flooding an area, for its outdoor games the NHL uses special equipment, expertise and technology to create an ice rink fit for the best hockey players in the world.

The most important aspects of making outdoor ice for an NHL game are ensuring the conditions meet all of the safety standards required for the players and providing all of the tools necessary for an NHL game. To accommodate its outdoor games, **the NHL designed and built a one-of-a-kind mobile refrigeration unit and rink system.**

The main function of the 53-foot, 300-ton capacity refrigeration unit is to perform the key function of making a great sheet of ice – to remove heat from the surface and stabilize the temperature.

To do this, the unit pumps as much as 3,000 gallons of glycol coolant into custom-made aluminum trays that are configured on the field of the stadium. Running through a series of hoses from the refrigeration unit to the field, the glycol chills the trays in order to keep the ice near its ideal surface temperature of 22°F/ 6°C. Following the placement of the ice trays, the rink boards are installed.

Once the boards are up and the ideal surface temperature is attained, the actual process of building the ice begins. In an NHL arena, the ice is built to a thickness of approximately 1-1.25 inches. An outdoor rink, however, requires up to 2 inches of ice thickness to help withstand the more extreme elements. While many speculate that it takes special water to create the ice, the water used is the same tap water provided into everyone's homes.

Water is added as slowly as possible, in as fine a mist as the process will allow. Workers pass the spray wand over the ice rink hundreds of times, providing a more-even freeze and better-quality playing surface. Each inch of ice thickness requires approximately 10,000 gallons of water. For finishing touches, the ice surface is whitened using approximately 350 gallons of water-soluble paint. The lines and logos then are painted and placed on the surface, with more ice built on top.

Once constructed, monitoring the status of the ice is a 24-hour job. To help this process, a high-tech system called “Eye on the Ice” is embedded in the surface. The technology provides updates on temperatures at different areas of the ice, signaling an alert prompting the need to pump more glycol or engage the in-line heating system in case the weather gets too cold.

Staging outdoor hockey in Florida is another example of how the League continues to raise the bar in event innovation and production. Some new elements that will assist with the rink construction and ice-making for the upcoming outdoor games in Florida include:

- For the first time, the NHL will be utilizing two mobile refrigeration units at the same time for both games in Florida to remove heat from the surface and stabilize the temperature.
- In Miami, loanDepot park’s retractable roof will assist during the ice build to get the optimal playing surface for the players. On game night, the League plans to open the roof so that players and fans can experience the feel of an outdoor NHL game.
- In Tampa, because Raymond James Stadium is an open-air venue, the NHL will construct a tent on the field to control the climate and build the ice. The tent will be dismantled before the teams play Feb. 1 – a unique spectacle considering the challenge of playing hockey in an open-air football stadium in Florida.
