Honda NHL Accuracy Shooting: **Brock Nelson**, NYI (12.419 seconds)

* *The winner of each event received $30,000*

Participants
* Eight goaltenders.

Winner
* The goaltender tandem with the most total points.

Procedure/Rules
* One goaltender from each division will be designated the shooting goaltender and one the in-net goaltender.

* The Central Division will face the Pacific Division, and the Atlantic Division will play the Metropolitan Division.

* The shooting goaltender from each division will take a shot from a designated mark.

* Three points will be earned if the shot goes in the hole, two points if shot hits the in-net target and no points if the shot misses the net.

* The in-net goaltender from the opposing division will face three, two or one skater(s), depending on the points earned by the shooting goaltender.

* Skaters start from center ice, on referees' instruction. Skaters must shoot on the rush. NHL shootout rules generally apply (drop passes are allowed).

* A save earns the in-net goaltender the points, based on the number of skaters faced.

* Play continues until all pucks have been shot and is repeated for the second goaltender pairing.

Tiebreaker
* If, at the completion of the event, there is a tie for the most points, the winning goaltender tandem will be the tandem with the most saves.

* If two or more goaltenders are tied in saves, the winner will be the goaltender who saved the most 3-on-0s, then the goaltender who saved the most 2-on-0s. In the event there is a tie based on this calculation, then the tied goaltenders will compete in a sudden death round of "Goalie Goals."

DISCOVER NHL TENDY TANDEM WINNERS: Connor Hellebuyck, WPG/Juuse Saros, NSH (Central Division: 13 points)

Participants
* A minimum of four players.

Winner
* The player who has the fastest lap time.

Procedure/Rules
* There will be two rounds. The preliminary round will determine which two players will participate in the final.

* The course is one full rink lap.

* Each player has one attempt to establish his time.

* Each skater may choose direction of his lap.

* The skater is positioned a maximum of 3 feet behind the start line located on the penalty box side of the center line.

* Each skater starts on the referee's whistle.

* The timing device starts when the skater crosses the start line.

* In case of a clock malfunction, the official time will be recorded from the referee's stopwatch.

Tiebreaker
* If, at the completion of the event, there is a tie for the fastest time, the tied players will skate again to determine the winner.

GREAT CLIPS NHL BREAKAWAY CHALLENGE WINNERS: Sidney Crosby, PIT/Alex Ovechkin, WSH (40)

Participants
* Eight players and four passers.

Winner
* The player with the fastest time in the final.

Procedure/Rules
* Four destructible Styrofoam targets 15 inches in diameter are attached to the goal posts, one target in each corner.

* For round one, two players – one on each side of the net – alternately pass pucks to a shooter positioned 25 feet out from the goal line. The four players who hit all four targets in the fastest times move on.

* The clock starts on the referee's whistle.

* Shooters compete at opposite ends of the rink, alternating attempts.

* Any contact of a target by a puck that is shot is scored as a hit.

* The clock stops when a player has successfully hit all four targets.

* For the semifinal and final rounds, two nets with targets will be positioned side-by-side on the goal line. One player next to each net will pass pucks to a shooter positioned 25 feet out from the goal line.

* Shooters during these rounds will shoot simultaneously. The clock starts on the referee's whistle.

Tiebreaker
* If, at the completion of first round, there is a tie for the fourth position, the tied players will compete again to determine the player moving on.

* If any head-to-head matchup ends in a tie, the players will compete again.
