Q & A

What are you most proud of?

I am really proud to be an Indian American woman working in a male dominated field like hockey, or sports medicine in general. It's so much fun! I didn't grow up knowing anything about hockey, being a first-generation immigrant (my Indian parents sort of fit the stereotype of being really into our grades as kids!). I didn't realize how fun and cerebral hockey was until I started to understand it by watching my son play, and I am so proud now to be a minority woman working in the NHL.
