**PANARIN, SHESTERKIN POWER RANGERS TO SEVENTH STRAIGHT VICTORY**

After **Andrei Svechnikov** scored the tying tally with just 1:36 remaining in regulation, **Artemi Panarin** (1-1—2) netted the winning goal less than two minutes into overtime with a between-the-legs tip to help the Rangers move within one victory of advancing to the Conference Finals. New York improved to 7-0 in the 2024 Stanley Cup Playoffs and matched the longest winning streak to begin a postseason by a Presidents' Trophy winner – a mark the club set in 1994 en route to its most recent Stanley Cup.

\* Panarin, whose goal 1:43 into overtime was the fastest by a Rangers player since **Marc Staal** (1:35) in Game 5 of the 2012 Conference Semifinals, recorded his fourth game-winning goal of the 2024 Stanley Cup Playoffs. He tied **Frank Boucher** (1928), **Brian Leetch** (1994) and **Mark Messier** (1994) for the most game winners in a single playoff year by a Rangers player.

\* Panarin also became the first player in franchise history to factor on the winning goal in four consecutive games – he surpassed Leetch (1995 & 1994), **Mike Rogers** (1982), **Ron Greschner** (1979), **Rod Gilbert** (1972), **Walt Tkaczuk** (1972) and **Clint Smith** (1939), who each did so in three straight contests.

\* On the back end, **Igor Shesterkin** made 45 saves to extend his playoff winning streak to seven games and matched **Mike Richter** for the [longest in Rangers postseason history](#).
