

#NHLStats has been tracking The Gr8 Chase with more than a dozen Stats Packs since 2019-20 focused on **Alex Ovechkin**, who scored his 892nd career goal Wednesday in Carolina to move within three goals of the all-time NHL goals record held by **Wayne Gretzky** (894) for more than 31 years. To honor his historic pursuit of Gretzky's record, #NHLStats will deliver a unique Stats Pack after each Ovi goal through the record-breaking No. 895.

***

* Ovechkin scored a goal on consecutive days for the 60th time in his regular season career, becoming the fifth player in League history to achieve that feat. It was the fourth time he has scored on back-to-back days this season – two of the other three instances book-ended the injury that sidelined him for 16 games (also Dec. 28-29, Nov. 17-18 & Nov. 2-3).

***

RECORDS

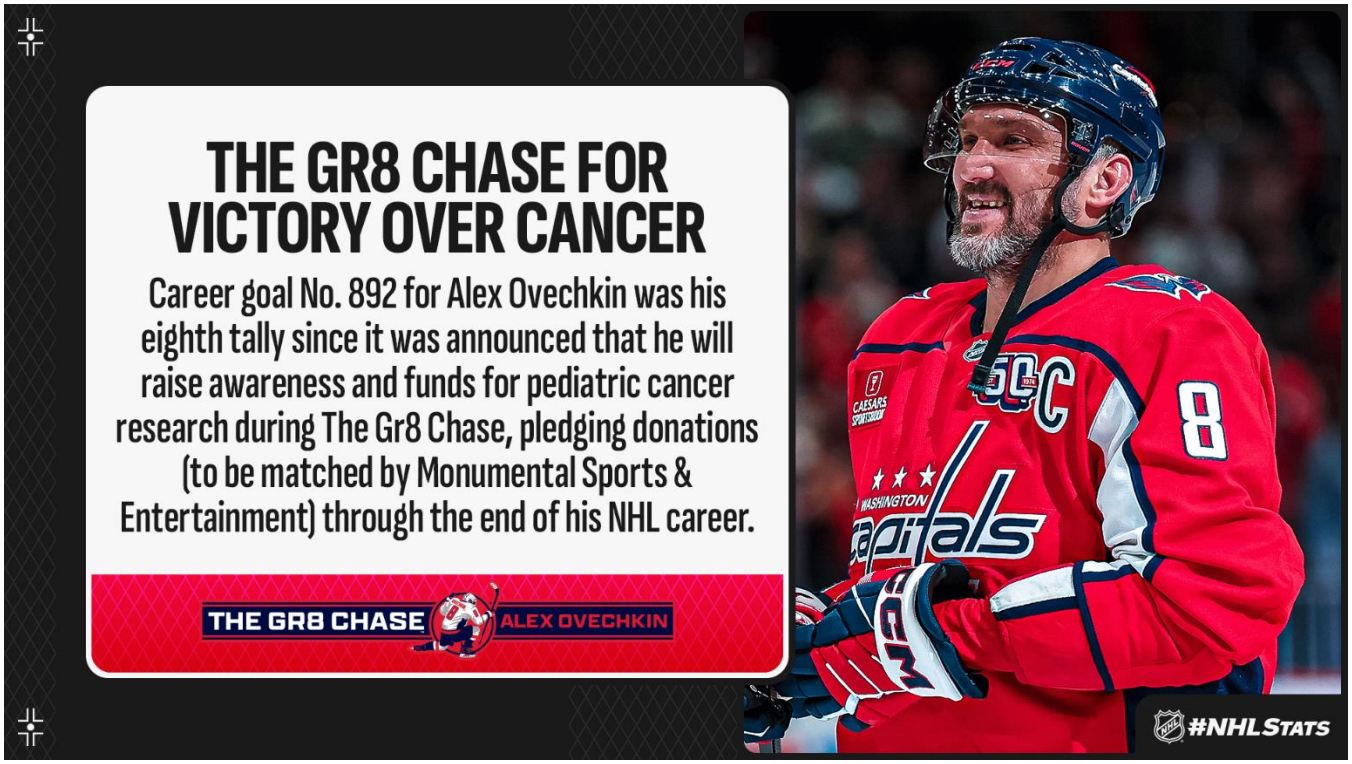

* With goal No. 39 on the season, Ovechkin is now one tally shy of extending his record for career 40-goal seasons – he set the benchmark at 13 in 2022-23 when he broke the record previously held by **Wayne Gretzky** (12). Ovechkin also already holds or shares the records for 30-goals seasons (career and consecutive) and 50-goal seasons (career).

* On March 5, it was announced that Ovechkin, the Capitals, Hockey Fights Cancer and The V Foundation For Cancer Research are partnering on “THE GR8 CHASE for Victory Over Cancer,” an initiative to raise awareness and funds for pediatric cancer research as Ovechkin pursues the NHL’s all-time goals record. Beginning with career goal No. 885, Ovechkin is donating money for every goal he scores during the remainder of his NHL career, with donations being matched by Monumental Sports & Entertainment. Fans can support “THE GR8 CHASE” by donating $8, or any amount they can give, in honor of Ovechkin’s historic pursuit. All donations to the cause will go directly toward pediatric cancer research through the V Foundation. Donations can be made at v.org/GR8chase.

* More than half of assists on Ovechkin goals have been collected by a group of nine players, with two of his biggest helpers combining to set him up Tuesday in Boston (**John Carlson** and **Dylan Strome**) before Strome and new Capitals defenseman **Jakob Chychrun** connected on No. 892 on Wednesday in Carolina. The group of **Nicklas Backstrom** (279), Carlson (156), **Evgeny Kuznetsov** (110), **Mike Green** (70), **Marcus Johansson** (58), **Tom Wilson** (49), **T.J. Oshie** (48), **Alexander Semin** (45) and Strome (45) collectively have 860 of the 1,514 assists recorded on goals by Ovechkin (57%). Strome has been Ovi's biggest set-up man so far in 2024-25, dishing to him 19 times this season – the 12th time a teammate has set him up that much in one season and most since 2021-22 (Kuznetsov: 23).

* Since the first day of NHL play in 1917, a total of nine players have topped the League in career goals (outright or tied), including seven since Feb. 23, 1921, when **Joe Malone** took a lead he would hold for nearly two years. The record has been broken only six times since Malone pulled ahead 104 years ago, with Ovechkin (891) now four tallies away from the benchmark **Wayne Gretzky** (894) has held for more than 31 years. The Great Eight can become the 10th player to hold the distinction as the all-time NHL goals leader, and the eighth since Malone pulled ahead 104 years ago. Click here to view the full progression of the record.

*Through games played each date in NHL history (since Dec. 19, 1917); outright or tied

***

* This is the third time since turning 35 that Ovechkin has “scored his age” in a season, netting his 39th goal of 2024-25 at age 39 with career tally 892. The other seasons since turning 35 that Ovechkin scored enough goals to at least match his years on planet Earth were 2021-22 (50 goals at age 36 – the oldest 50-goal scorer in League history) and 2022-23 (42 goals at age 37). Ovechkin is the only player in League history to “score his age” at least three times at age 35-plus (**Gordie Howe**, **Joe Mullen**, **Johnny Bucyk**, **Mark Messier**, **Phil Esposito** and **Teemu Selanne** all did it twice).

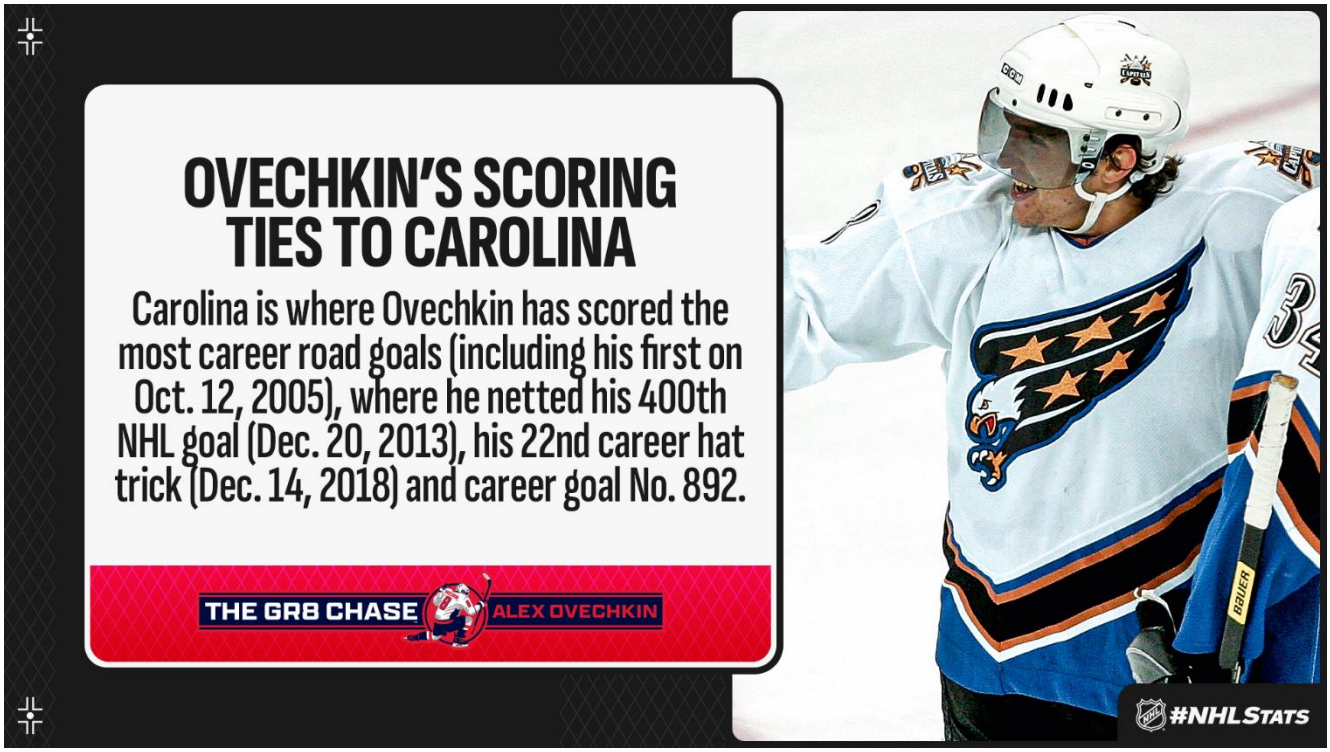

*Age at end of season

***

SCORING

* Ovechkin scored his 32nd career goal at Lenovo Center, extending his highest career total at any road venue and matching **Mario Lemieux** (32 at Madison Square Garden) for the second most by a visiting player at any venue during the expansion era (since 1967-68), behind the 38 goals **Wayne Gretzky** scored at Winnipeg Arena. Ovechkin's success at the building dates back to the start of his NHL career as he was selected first overall by the Capitals at the 2004 NHL Draft, held at RBC Center in Raleigh (now Lenovo Center). His 32 road goals at the building in which he was drafted are nearly three times the next closest player for that category – **Sylvain Turgeon** tallied 12 goals as a visitor at the Montreal Forum, where he was picked second overall at the 1983 NHL Draft.

***

EDGE

* Ovechkin, despite missing 16 games this season, entered play ranking eighth in midrange shots on goal (97) and just outside the top 10 in midrange goals (12). Among forwards, Ovechkin entered April 2 tied for seventh in long-range shots on goal (35) and with a share of the League lead at the position with **Tage Thompson** and **Owen Tippett** with four long-range goals, the exact same total he scored all of last season (four in 79 games). Ovechkin has scored 11 high-danger goals (80th percentile), including goal No. 891 on Tuesday in Boston, further accentuating his role as an offensive threat considering many more of his goals (27) have come from outside the high-danger regions.
